

## PHASE 2 RETURN TO PLAY

### BEDFORD LAWN BOWLS CLUB MODIFIED GAMES

When numbers make it possible, the default game played will be pairs. If insufficient numbers register for a session, some rinks may have games of singles, 4-3-2-1 or individual practice.

**Structure of play** (More details in the President's Expectations of Bowlers document)

There will be no fixed or regular teams. [Think of Phase 2 play as being more like coffee league than club play.] Scheduler will simply assign a maximum of 4 participants to a rink. The group will determine teams and positions played.

Jack substitutes should be handled by only 1 designated member per team and placed, not rolled, to begin each end.

Rakes will not be used. Bowls must be moved with the feet when clearing the rink.

Games will consist of 8 ends or 90 min of play, whichever comes first.

### **Signing up**

Participation is by reservation only (no walk-ins) through SignUp Genius. Access to the reservations site can be gained via the club website. The week's calendar (named '**Reserve play - Phase 2**') will be 'live' for sign up Sunday late afternoon. Please sign up for no more than 3 slots per week to permit fair distribution of playing opportunities. Those without internet access can have reservations made by proxy, by contacting the scheduler (John Downie (902) 462-8170).

Reservations will be closed in the early evening of the day before play to facilitate organizing the draws and sending out attendance sheets to the monitors.

Because there are no fixed teams, members are encouraged to sign up as individuals. Couples may still make a single double-slot reservation but they will not play on the same rink, as a rule.
